

ARDEX AF

Description:

ARDEX® AF is a general purpose isolated soy protein for use to supplement protein in animal feed applications.

TYPICAL ANALYSIS

Refer to label for guaranteed analysis

% Crude Protein (as is)	85.0
% Crude Protein (mfb)	90.0
% Crude Fat	2.0
% Crude Fiber	0.5
% Ash	6.0
% Moisture, max	8.0

MINERALS

% Potassium	0.5
% Calcium	0.1
% Phosphorus	0.8
% Iron	0.1
% Magnesium	0.03

ESSENTIAL AMINO ACIDS

% Lysine	5.3
% Threonine	3.4
% Leucine	7.0
% Isoleucine	4.3
% Valine	4.5
% Tryptophan	0.9
% Phenylalanine	4.3
% Tyrosine	3.0
% Methionine	1.3
% Cystine	1.3
% Histidine	2.1

PHYSICAL PROPERTIES

100 mesh tan powder

PACKAGING

Available in 20 kg (44 lb.) net weight, poly-lined, multi-wall paper bags.

STORAGE

Storage below 75° F (23.9° C) and 60% relative humidity promotes longer shelf life.

LABELING

Isolated soy protein

INGREDIENT

Isolated soy protein

mfb = moisture free basis
